

3 Actions to Prevent the Spread of COVID-19 during Golden Week

All Residents of and Visitors to Hokkaido

Please practice the following infection control actions

1 In daily life

Avoid the 3Cs, practice social distancing, wear a mask, wash and disinfect hands, ensure ventilation.

When traveling
or visiting home

During activities
for children and
students

- Avoid crowded places and peak travel times.
- Monitor your health, and stay home if you have any symptoms.
- Follow proper counter-infection measures at club activities, especially games and matches with other teams.

2 When eating out

Eating outdoors
for *hanami*
(cherry blossom viewing)

Keep the time short, avoid heavy drinking, refrain from using loud voices, and wear a mask during conversation.

Restaurants, etc.

Use checklists, get 3rd party certification.

3 If you are worried you may have COVID-19, take a test.

Free Testing

Make reservations after checking GW holiday hours

- Free testing sites will be open at major transportation hubs (Sapporo Station, Odori Station (2 locations), New Chitose Airport, Asahikawa Airport, Hakodate Airport) for the entire Golden Week Period (April 28 ~ May 8).
- For more information on Free Testing Sites in Hokkaido, scan the code to the right.

Scan for HP

Vaccine

Use Golden Week holidays to get third vaccine
